## APPLICATION

Macro Communications, Inc. (“Macro” or the “Applicant”), by its attorneys, hereby requests authority pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and in accordance with Section 63.18 of the Commission’s rules, 47 C.F.R. § 63.18, to provide global facilities-based services and resell international services between the United States and international points.

Macro is a Georgia company that seeks to provide global facilities-based services and to resell to its subscribers international long distance services of other unaffiliated carriers to all foreign points.

By granting this application, the Commission will serve the public interest, convenience and necessity by promoting competition in the international services market. Competition will benefit U.S. consumers by increasing service options and lowering prices. Thus, the public interest will be served by the grant of Section 214 authority to Macro.
